

DECLARATION FOR REISSUE APPLICATION

ATTY DOCKET NO. 19462.118

As a below-named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 5,422,524, granted June 6, 1995, and for which a reissue patent is sought on the invention entitled:

RESPIRATOR HAVING SNAP-FIT FILTER CARTRIDGE

the specification of which: (check one)

☒ is attached hereto.☐ was filed on _____, as reissue application number _____, and was amended on _____ (if applicable).

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above. I acknowledge the duty to disclose information that is material to patentability as defined in 37 CFR § 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, by reason of the patentee claiming more than the patentee had the right to claim in the patent, said excess in the claims being specified below. All errors being corrected in the reissue application up to the time of filing of this Declaration arose without any deceptive intention on the part of the applicant.

The errors relied upon in the above paragraph include claiming more than the patentee had the right to claim by virtue of (1) not having included in claims 1 and 22 limitations directed to the separation of the filter cartridge from the cartridge receiving structure by pulling manually thereon; and (2) by not including claims reciting means for manually snapping the filter cartridge into engagement with a cartridge receiving structure.

I hereby claim foreign priority benefits under 35 U.S.C. § 119(a)-(d) or § 365(b) of any foreign application(s) for patent or inventor's certificate, or under § 365(a) of any PCT international application which designated at least one country other than the United States of America, listed below, and have also identified below, by checking the "No" box, any foreign application for patent or inventor's certificate or any PCT international application having a filing date before that of the application on which priority is claimed.

I hereby claim the benefit under 35 U.S.C. § 120 of any United States application(s) or under § 365(c) of any PCT international application(s) designating the United States, listed below and, insofar as the subject matter of each of the claims of this application is not disclosed in the prior U.S. or PCT international application in the manner provided by 35 U.S.C. § 112, ¶ 1, I acknowledge the duty to disclose information that is material to patentability as defined in 37 CFR § 1.56 that became available between the filing date of the prior application and the national or PCT international filing date of this application.
